The new work needs to be painted and floor covering laid. The acoustics guys will also need to return to finish the new ceiling area. The lights need to be converted to LED and cabling for tv antennas, sound bar and projector need to be re-routed. While we have an empty hall, we will be working on building the new bookcase. There will be no room to do anything in the hall until all work is completed. We are planning for the work to be done by the end of February, but that depends on there being no unforeseen issues when the wall comes down.

The general meeting planned for February is postponed to a date to be advised.

Hall Activities

The committee is meeting on Monday 24 Jan to determine when and how we recommence regular activities and events. Details will be advised. The external undercover area and tennis shelter will be available for use for any activities while the renovations occur. Activity Coordinators should contact the Secretary if they wish to use these areas, so the use of the areas can be organised.

Covid Requirements

The hall is classified as club. You must check-in. It is a legal requirement that you must be double vaccinated when entering hall precincts and from 2 January 2022, masks must be always worn inside the hall. Masks must be worn in the undercover area, sitting or standing, unless you can remain 1.5 metres away from others that are not members of your household. Also, on Friday nights and during an event, the hall (inside and out) is a Food Business and operates under Liquor Licencing Regulations. You must wear a mask area unless you are eating or drinking. Every time you leave your seat, masks must be worn.

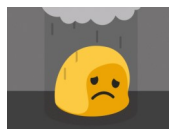

All committee members and any volunteers who are working must always wear masks except when eating or drinking.

Stay Safe

Harry

YOUNG AT HEART

DUE TO THE HALL RENOVATIONS FEBRUARY 8TH MORNING TEA HAS UNFORTUNATELY BEEN CANCELLED.

CANCELLED!!

WE HOPE TO RESUME OUR ACTIVITIES ON TUESDAY 8TH MARCH.

KEEP UP TO DATE WITH WHAT'S HAPPENING IN POONA ON OUR FACEBOOK PAGE — PoonaCommunityNoticeboard

Tuan Toolara Forest Brumby Update:

Page 4

It's been over 12 months since Poona locals Keesha Millar and Melissa D'Or participated in Community Reference Group (CRG) for the Tuan Toolara Feral Horse Public Safety Initiative, facilitated by HQPlantations (Tuan Toolara forest management). We recently attended a briefing on progress and have some info to share with our community. Detailed background information can be located in Poona Post August 2020 issue.

The aim is to balance the need for road safety and horse welfare. HQPlantations has a great rehoming process in place since 2009 (using low stress methods), however there are concerns this process will not manage an increasing horse population, along with concern that the area will not be able to feed/sustain the increasing horse numbers.

Latest population studies estimates there are approx 2700 horses within Tuan Toolara forest, currently occupying 67% of the forest. There are scientific predictions that by 2026, there will be approx. 3600 horses occupying 100% of the forest.

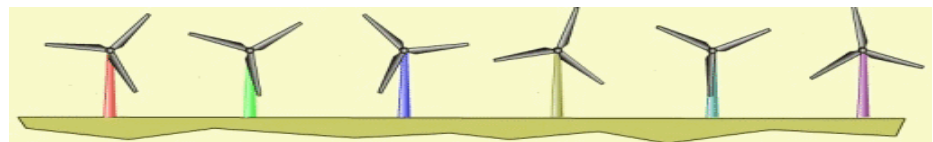

Since 2009, approx 120 horses have been captured along Tin Can Bay and Cooloola Coast roads. Recent improvements to tracking methods have increased capacity to capture more horses (at risk near the roads) - including radio tracking collars - meaning 22 horses captured this past year (compared to previous average of less than 10 horses/year). After capture, these horses aim to be rehomed by SEQ Brumby Association and Ozecological. Anyone interested in rehoming horses should register their interest with HQPlantations (contacts listed below). The rehoming of horses is important and more forever homes are needed. Do you know someone who can help?

Other initiatives occurring include: communication strategies with local councils/emergency services to raise safety awareness; increased signage on logging and public roads; linking existing fences along the Cooloola Coast Road; annual thermal imaging population counts; ongoing safety discussions with logging staff and contractors; further exploration of potential tertiary research.

If you see a brumby that needs immediate assistance, please contact HQPlantation's Toolara office on 5488 2123 (or 5488 2109 after hours). If the horse is in the vicinity of a road corridor, you can also contact the relevant Council.

An engagement hub is available for interested community members or those interesting in rehoming horses <https://hqp.engagementhub.com.au/>. Contact can be made by using the contact form on Engagement Hub or emailing community@hqpplantations.com.au.

Forest Wind, Wind Farm Update:

At this time, no update can be provided on any progress.

Poona community reps Keesha Millar and Andrea Powis last attended meeting early in 2021. We were expecting to attend meetings mid way through 2021 and all communication attempts since (to learn any updates) have not yet received any responses.

We suggest that any feedback or interest should be directed to Forest Wind directly via <https://www.forestwind.com.au/>.

CLEAN UP AUSTRALIA DAY IS COMING!!!

Poona will be participating in Clean Up Australia Day again this year on:
Sunday, March 6th.

Please mark this date on your calendar. Assembly will be at the Hall carpark at 7am. Gloves, rubbish bags etc will be provided, but please wear sunscreen and hats and bring water. We will attempt to clean up the whole of the beach and the entire length of the Poona Road and many hands make light work. Susan Green is coordinating this event again this year so please contact her on 0418 795 867 if you have any questions or would like to put your name down to volunteer.
