PRESIDENTS REPORT

Hi All

You probably have driven over the vehicle counters in and around Town. This action from Council was in response to residents' concerns over the speed of cars down Boronia road.

This first stage will assess the volume of traffic. PCPA will then wait for the report on the next course of action to be taken.

Existing Boat Ramp:

At the last General meeting it came to light that there was a proposal before TMR and Marine Safety Queensland for further development of the existing boat ramp.

Bruce Saunders spoke on the proposal and that there is a feasibility study planned in the coming weeks.

Bruce explained that this will mean dredging at the existing boat ramp and the hope that material from that dredging will be bagged and used for Protection Barrier instead of being taken away.

We expect that the PCPA will be advised of the outcome from the feasibility study in due course.

AGM: 6th August 2pm

I will take this opportunity to thank my fellow Committee Members, all the people that have supported me and given me so much encouragement and much needed advice over the past months since stepping into the Position of President. A huge thanks to Bruce Saunders and Daniel Sanderson for your ongoing support.

I have enjoyed this position immensely and plan to again stand for another twelve months.

Cheers
Kathy Moore

Next General Meeting will be held Saturday 10th September, 2pm

FISHING REPORT

Page 3

Hi guys, here is this fortnights fishing report.

No matter what sort of fishing you're into these past couple of weeks have really produced the goods. With everything from bread-and-butter fish to trophy reef fishing coming over the sides of boats.

Anglers have been targeting Tiger Squid either in the waters around the coffee rock ledges flicking a jig or grabbing your hand spear and going for a night walk around the rocks down Boonooroo/Tuan

The Winter Whiting are still on the chew with possession limits being achieved and they are good quality – 23-25cm, especially since the water temperatures have dropped those few degrees. Trying out along the foreshore down the bay or in the deep water between the sputnik and Tinnanbah

For the bigger boats getting out chasing the reefies was possibly with much lighter winds. Cod, Snapper, Reds and Spangled Emperor. With plenty of Mackerel and Cobia down there to stretch your arms. Did we mention Snapper? Yes, we are seeing lots coming over the sides.

The Mary River has been home to some monstrous Bream up to that 1.5Kg mark some solid Grunter and Cod. Plus, the bonus of ducking in behind river heads point to catch the odd Jew and Threadfin Salmon.

Still some great Mud Crabs being potted, and we are getting hot reports of some great quality prawns.

Lets have a look at some local catches.

First up is Bev who had a great day out chasing Whiting. >>>>>>>>>>

Melissa is next with her biggest fish ever!! Great work >>>>>>>>>>

Erin also got into the Snapper , this one went 63cm

Last up is James with his Snapper. >>>

Burning Stacks

Hi. What weather extremes we are experiencing!
Your, Volunteer fire fighters at Sandy Strait RFB,
have had a lot of requests for information on
burning stacks.

Providing the adequate precautions are taken to
prevent spread of fire, the following fires may be
lit without a permit:

- 1: Fires less than 2 metres in all directions (these fires are not exempt during fire bans and you must obtain a permit from the fire warden.)
- 2: Barbeques and campfires (for cooking) enclosed in a fireplace, constructed to prevent the escape of fire or ember.
- 3: Smoke from your fire can negatively impact on your community and neighbours.
- 4: Burn late afternoon and when there is no wind and it is safe to do so. Have an adequate supply of water and firefighting equipment and personnel on hand.
- 5: Notify all neighbours before you burn.

With the prolific regrowth of understory grasses, weeds and trees there may be a very active fire season coming. So please help by clearing your garden and land and visiting the tip. Sandy Straits R F Brigade has had many requests for assistance, and we are endeavouring to help where our limited resources can be stretched. Volunteers are required and very welcome!! Both active and support!

If you plan to mechanically clear native vegetation to burn, you may need a separate permit for clearing vegetation under Queensland's Vegetation Management Laws.

Congratulations to Wayne Sorreneson, who is once again our Fire Warden. He is from Forestry and can be phoned on 54882112 to obtain a permit.

A big shout out to all our Poona Volunteer Fire Brigade Members! THANK YOU.

Cheers Marilyn

Secretary, Sandy Straits Rural Fire Brigade. *volunteering to protect our wonderful community.*
